Course Description: You stopped a violator for a speeding violation. As you began to approach on the passenger side you saw there were five people in the vehicle. The driver's door abruptly opened, the driver exited with a gun in his hand and as you began to withdraw while drawing your handgun the driver fired. The bullet struck the bicep of your Primary Arm causing you to drop your handgun. As you tried to withdraw you tripped and fell down against your cruiser with your Primary arm and hand totally disabled.

On the Start Signal, using **ONLY YOUR SUPPORT HAND**, retrieve your handgun and engage Threat Targets 1 thru 4 from within the Firing Area.

- You may **NOT** use your Primary hand or arm to get up from the ground, doing so will incur one Procedural Penalty.
- Firing other than one handed with the Support Hand will result in one Procedural Penalty **PER shot fired**.
- For safety reasons, in the event of a firearm malfunction the competitor **WILL NOT** clear the malfunction using one-handed incapacitation clearing techniques. The course of fire **will be stopped**, targets repaired and a re-fire allowed. If there is a malfunction during the re-fire, the course of fire will be stopped and targets scored as if the course had been completed. The malfunction will be noted on the score sheet and five Procedural Penalties will be added in addition to any other penalties.
